

## Mohammad I. Qa'abreh

Address: Azzarqa, Jordan

Email: mohd\_qaabreh@yahoo.com

Mobile: +962 788 027 869

### Personal data:

Nationality: Jordanian.

Place and date of birth: Azzarqa-Jordan, Sep 20<sup>th</sup>, 1987.

Marital status: Single.

Religion: Islam-Sunni.

### Education:

#### 2005 School

Secondary Examination of Jordan in Al\_Hashemeyah Secondary for Boys, Grade 83,9.

#### 2005-2010 University

Jordan University of Science & Technology (J.U.S.T), B.Sc. in Mechanical Engineering specialized in Thermal Power.

(Average: Good).

### Major Courses:

- ◇ Heating, Ventilating, and air conditioning (HVAC)
- ◇ Heat transfer
- ◇ Thermodynamics
- ◇ Water Desalination (RO, Distillation, Freezing, etc.,)
- ◇ Fluid power
- ◇ Mechanical Desktop, ProEngineer
- ◇ Power stations and their economics

### Training Experience:

Eight weeks training at **JORDAN PETROLEUM REFINARY (JPR)** as university graduation prerequisite- summer 2010, where I trained in engineering workshops and trained by technicians to overcome mechanical problems in the Refinery.

### Working Experience:

Working from 19/12/2010 to 3/11/2011:

**ECHO for ELECTROMECHANICAL ENGINEERING - CONSULTANT ENGINEERS**, as **DESIGN ENGINEER**, Amman-Al-Rabyeh.

### Computer and other Skills:

1. Have a Driving License.
2. Advance user in *Microsoft office* (Word, Excel, and PowerPoint) and Internet.
3. Excellent command in *AutoCAD*, *Mechanical Desktop*, and *ProEngineer* (design and commands).
4. Excellent command in programming languages (C++).
5. Good in *MATLAB* command and design.
6. Excellent working with engineering design and selection programs (*HAP*, *Duct Sizer*, *Win caps...* etc).

### Projects:

Senior graduation project titled "**Air Conditioning of Commercial Buildings**", this project discuss a building in Amman and applies all principles of HVAC systems on it including cooling and heating.

### Languages:

Arabic: Fluent in speaking, reading and writing.

English: Very good in speaking, reading and writing.
