

Mohammad Shaban AlShorman

B.S. in Computer Information Systems (2009)

Address: Jordan- Amman

Mobile: (+962)-7-77442853 (+962)-7-85359102

Mail to: m_shorman_85@yahoo.com

Objective

- Work in an organization that makes a difference in software production in the country and in the world.
- Work in an organization that increases my experience in programming and analysis.

Personal Details

Gender: Male. **Nationality:** Jordanian.

Birth Day: 25/11/1985. **Marital Status:** Single.

Military Status: Exempt.

Languages

- **Arabic** Native Language
- **English** Read/Write Excellent / Listening Very good / Speaking Very good

Education

Jordan University of Science and Technology

- Computer & Information Technology Faculty
- B.S. in Computer Information Systems (2009)
- Management Information systems Minor (MIS)
- Finance Information systems Minor (FIS)
- Very Good Assessment
- Graduated at 01/2009.

Graduation project: DTS [Documents Tracking System]

Description: Our project is used to trace documents within network in any organisation, instead of trace paper documents manually from employee to another. This makes documents tracking within organization more easily, reduces human errors, allow managers to trace any document at any time they need, give managers more control on this process, and get customer satisfaction.

Tools: Asp.net using visual C# 2005.

Graduation project grade: Excellent.

Supervisor: Dr. Qusai Abuein.

Awards: Honour Degree from university of Jordan.

Technical Skills

Programming Languages

- Oracle 6i,9i,10g,11g Professional
- Visual C#.net 2005,08,10 Professional
- Visual basic.net 2005,08,10 Intermediate
- LINQ Intermediate
- Java (SE - EE) Intermediate

Web Technologies

- HTML Professional
- ASP , ASP.Net 2.0, 3.0, 3.5 Professional
- VB/Java (script) + CSS Intermediate
- XML Intermediate
- AJAX Intermediate
- J-Query Novice

Database Management Systems DBMS

- Structured Query Language(SQL) Professional
- Procedure Language (PL\SQL) Professional
- ADO.net Professional

Conceptual knowledge

- Normalization ,ERD ,DFD Intermediate
- UML Intermediate
- LPT Novice
- GPS Novice
- Pocket PC Novice

Operating Systems

- Microsoft Windows (All Versions) Professional

General

- Adobe Photoshop Professional
- Macromedia Flash Intermediate
- Paint Shop Professional
- Microsoft Office (All Versions) Professional

Non-technical Skills

- Marketing Good
- Sales Good
- Finance information systems ...
- Management information systems ...
- Others

Soft Skills & privileges

- Interactive and fast enough to learn new technologies and sciences.
- Advanced Research Abilities.
- Highly Communications Skills.
- Capable of adjusting to rapid change.
- Self Motivated.
- Ability to work in a group or individually according to the job requirements.
- Collaborator and reliable with the team.
- Committed to the time.
- Ready to travel if work requires that.
- I have a car.

Courses

- Microsoft Certified Technology Specialist (**MCTS**) Course in Orient Centre (Visual C#.net, ADO.net, Asp.net)
- Oracle Certified Professional (**OCP**) Course in Orient Centre (SQL, PL/SQL, Forms 10g, Reports 10g)

Training

- I took training course in computer maintenance entitled "International Certificate for the maintenance of computer A+" Which is equivalent to 30 hours from 10-21/sep/2006 in Jordan University of Science & Technology (Doctrinaire and Pragmatic).
- I took training course in network, switches configuration, node termination, maintenance of PCs and printers in king Abdullah university hospital from 01-06-2008 to 01-09-2008.

Work Experience

- (Net Developer) from 02/ 2009 to 10/2009.
- (Oracle Developer) from 11/2009 to 04/2011.

Individual Works

I Programmed application for mobiles shop using C#.net and Asp.net 2008.

I Programmed application for dental clinic using oracle 10g.

Educational Activity

- I taught IT students in different cultural centres these courses: c#.net, Ado.net, Asp.net, SQL, PL/SQL, forms, reports...
- I taught Quick Basic for Tawjihi students.

- I helped some IT students to program many projects using different programming languages.

Strengths

I have a very good background in my major and I have many ideas and am not afraid to use them.

Weaknesses

I am using artificial limb instead of my right leg, but I can walk very well, and I don't face any difficulties from this problem.
