NASH'AT ISHAQ AL-TURK

PROFESSIONAL WORKSHOPS

4. Implement new and revised systems by providing training to users and staff; creating and transitioning efficient operational procedures, including effective hardware utilization and adequate backup processes.
5. Document all phases of the analysis, design, programming, implementation, and maintenance of technical projects; create user documentation for the utilization of systems, reports, procedures, and training materials.
6. Monitors performance of programs after implementation
7. Assist individual users and groups with the installation of both hardware and software solutions; train personnel; communicate procedures for problem solving and system change.
8. Assist in the research of new products and services that will enhance the technical productivity of the department.
9. May serve as project leader; schedule, coordinate and review work of the staff assigned to the project; train other staff member as required.
10. Participate and make recommendations to the IT Management regarding the formulation of programming and documentation standards and department policies and procedures.
11. Performs other related duties as assigned.

Visit USA (Minneapolis) to learn about use and update CERTS program (item bank system). The workshop includes the following points:

1. Work with the item Writing Sub Committee in establishing the item classification system.
2. Define the functionality required.
3. Liaise with the Pearson's programmers in Minneapolis to ensure that the functionality required by Jordan is being undertaken by the programmers.
4. Liaise with Pearson's programmers in Minneapolis to determine what programming needs to be done by the Technical Sub Committee.
5. Liaise with the Pearson's programmers in Minneapolis to determine an appropriate time and program to visit Minneapolis.
6. Work out how to take the items that have been stored in the Jordanian item bank and locate them in CERTS.
7. Work with psychometrics committee to construct the delta values for the item bank.
8. Conduct show – and - tell sessions with the current version of CERTS to demonstrate what it will look like in the future.

HOBBIES

Enjoy Programming, Soft Music, Reading, Traveling, Football, and Basketball

LANGUAGES

Arabic (R, W, S): Excellent
 English (R, W, S): Good
